

# East of England

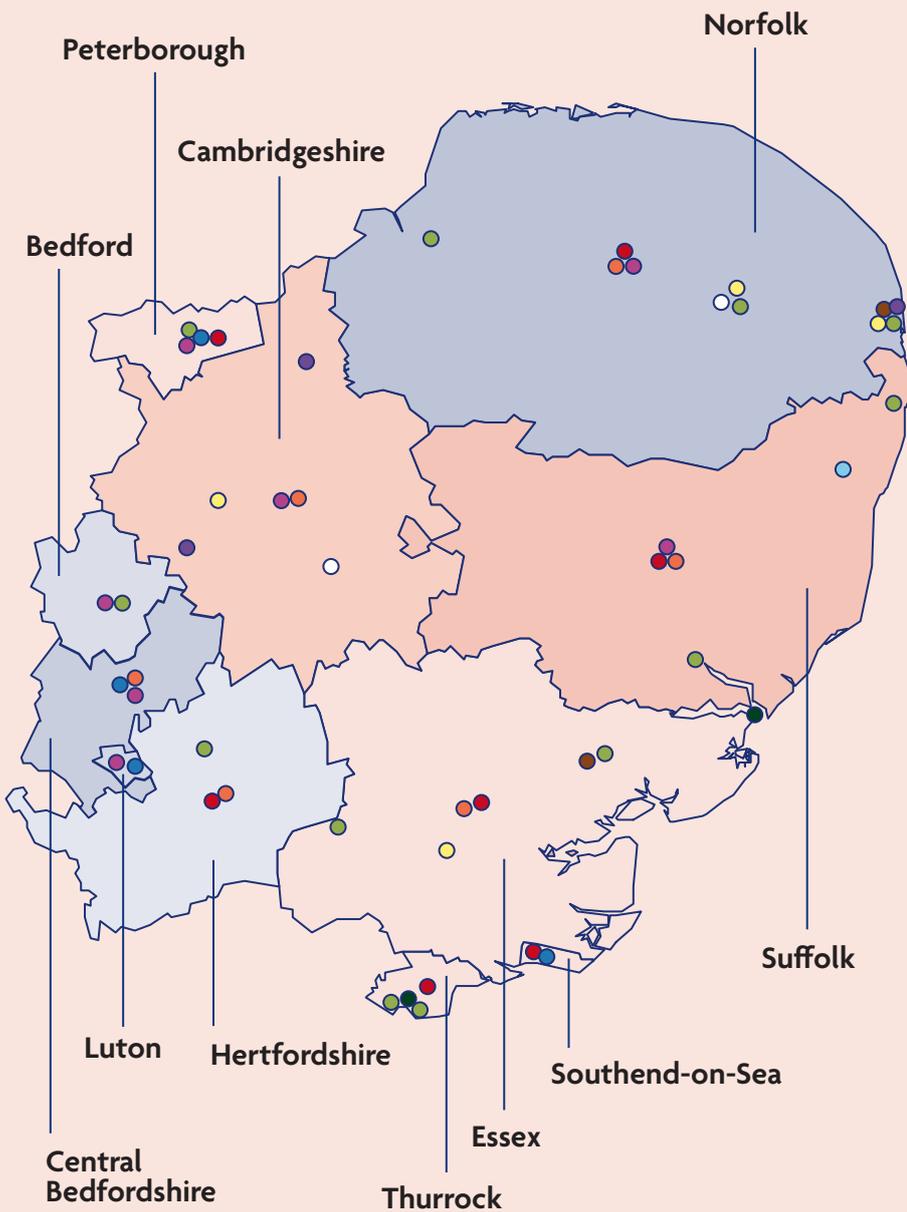

**The East of England is already benefiting from investments to boost living standards, spread opportunity, restore local pride and empower local leaders.**

An initial **£87m** of investment through Round 1 of the Levelling Up Fund is backing five projects in the East of England. Transport enhancements include reducing congestion and creating new walking and cycling routes in Central Bedfordshire. Coastal attractions at Southend-on-Sea will be upgraded to attract tourism and investment. In Peterborough, a new interactive “Living Lab” within the brand new university will be built and act as a beacon of transformative change in the city. Over 300 new homes and 2,000

square metres of community space will be delivered in Luton, as well as a Community Wellbeing Hub in Houghton Regis.

The Towns Fund is investing over **£287m** across 12 towns in the East of England including in Norwich, Peterborough and Great Yarmouth. Norwich will see delivery of new and improved green spaces and sustainable transport links. Peterborough will see new cultural facilities within the city centre, a lakeside activity centre and new pedestrian links created to improve access to the riverside and its green spaces adjoining the transformational new university. In Great Yarmouth, investment will be spent on reinventing public spaces, growing the arts and cultural scene and creating new jobs.
